

Clint Bryan Nguena

Computer Science Student - Software Engineer - AI Engineer (LLMs & Agentic AI)

Address: Gießen, Hesse, Germany

Phone: 0178 2103854

Email: nguenacintbryan@gmail.com

GitHub: github.com/Clintbr

Portfolio: clintbr.github.io/mein_Portfolio

PROFILE

Computer Science student specializing in software engineering and artificial intelligence. Experienced in developing intelligent applications using Large Language Models (LLMs), Retrieval-Augmented Generation (RAG), and agentic AI systems, as well as designing modern web applications and database-driven software solutions.

Strong background in system analysis, debugging, software testing, and the structured development of scalable applications. Proficient in Linux, Windows, TCP/IP, REST APIs, JSON, SQL, and modern software development practices using Git, Docker, CI/CD, and Scrum. Hands-on experience with locally hosted LLMs, Ollama, vector databases, and AI-powered automation solutions.

Completed the content of the first five semesters of the computer science program successfully in four semesters. High learning ability, systematic working approach, and strong interest in productive portal and web development.

Current Research: Development of AI-driven systems with agentic LLMs (Large Language Models)

WORK EXPERIENCE

AI Analysis | *Internship II-THM, Gießen*

03/2026 – 06/2026

- Analysis of locally hosted LLMs and SLMs
- Integration of RAG approaches and agentic workflows in production systems

Technologies: Python, Ollama, Node-Red, MongoDB, Qdrant, JSON

Web Developer | *SisterSchola Clinic, Darmstadt*

02/2025 – 03/2026

- Development of a web-based application for internal clinic processes
- Integration of email functionality via SMTP mail service
- Conducted software testing, debugging, and performance analysis

Technologies: JavaScript, HTML, CSS, SQL, Supabase, Git

PROJECT EXPERIENCE

Enterprise Ticket Management System | *Personal Full-Stack Software Project*

03/2026 - (in improvement process)

- Development of a web-based ticket management system for managing support requests and ticket workflows
- Implementation of role-based user management (USER, SUPPORT, ADMIN)
- REST API, JSON data processing, and backend logic for automatic ticket prioritization
- Business analytics dashboard with real-time metrics, chatbots for users linked with Gemini open-source model

Technologies: Java 21, Spring Boot 3, Spring Security, React 18, Tailwind CSS, PostgreSQL, LLM(Gemini)

Full Stack Web Application - Secure Notes | *Technische Hochschule Mittelhessen*

12/2025 – 01/2026

- Development of a web-based full stack application based on REST API principles
- Database integration and containerization with Docker
- Testing, debugging, and performance analysis

Technologies: Java, JavaScript, Vue.js, Supabase, Docker, Git

WG-TaskManager | *Personal Software Project*

02/2024 – 03/2025

- Development of a web-based application for task management in student shared apartments
- User management, task status, and database logic

Technologies: HTML, JavaScript, Git

EDUCATION

Bachelor of Science in Computer Science | *Technische Hochschule Mittelhessen, Gießen*

04/2024 – present

Focus Areas: Software Development, IT Systems, Web Technologies

Currently in the 5th semester (completed first five semester achievements in four semesters)

German Language Courses | *Goethe-Institut, Diwan Marburg*

10/2022 – 11/2023

Certificates: B2 Certificate, C1 Telc University

Scientific High School Diploma

09/2019 – 06/2022

Focus: Mathematics and Computer Science

TECHNICAL SKILLS

Programming Languages:

Java, Python, C, JavaScript, TypeScript

Web Development:

HTML, CSS, REST APIs, JSON, XML, Node.js, Vue.js, React

Databases:

MySQL, MariaDB, PostgreSQL, Supabase, MongoDB

Operating Systems:

Linux, Windows

Tools:

Git, Docker, IntelliJ IDEA, Visual Studio Code

IT Fundamentals:

CI/CD Pipeline, OOP, TCP/IP, HTTP, SMTP, MQTT, Software Testing, Debugging, Systems Analysis, API

Data Analysis:

Ollama, Gemini, Python, MongoDB, Qdrant

LANGUAGE SKILLS

French:

Native

German:

C1 (Fluent)

English:

B2
